## MOBILE PASSION: WESTFALIA

Innovation and competence - Westfalia, the name represents mobile passion like no other in the industry. For more than six decades, we have not just been concentrating on constructing leisure vehicles, rather we have also been a permanent innovator within the industry. New solutions, not only for materials but also for functions, have characterised our actions since back in the beginning.

This competence has also made us into a reliable OEM partner for the automotive industry. Irrespective of whether Daimler or Ford, Westfalia quality is a benchmark which has also always been particularly appreciated by these companies.

Even today, the traditional company from Westphalia always stands for mobile homes of a special kind: This is achieved by constantly implementing uncompromising quality, durability, suitability for everyday use and, above all, the occupant protection of each individual model.

This claim is also reflected in the motto of the premium brand: Mobile Passion.

# Tips & tricks which simplify day to day life for you

Our Nugget models enable you to enter the fascinating world of mobile leisure. All our mobile homes are innovatively produced and well thought out, right down to the last detail. We live and breathe mobile homes and that is why the products are not only convincing at the initial glance, they will also inspire you when you take a closer look. It is the detailed solutions which can make your leisure time and your holiday in your Nugget even more enjoyable and much more pleasant every day. Our range of accessories enable you to individualise your Nugget even further, but convince yourself by having a look.

Rainguard

This rubber strip is the ideal solution in order to reduce water penetration in the sliding door area. The awning does not have to be removed from the vehicle.

**Note:** Seepage of individual raindrops between the awning and the roof cannot always be ruled out due to the geometry of the vehicle roof and/or vibrations when driving it..

Awning

You can increase the spatiality of your mobile home with the awning. It not only protects you excellently against the sun, rather also from light rain showers. Nothing therefore stands in the way of a well „covered over“ meal outdoors.

**Note:** Please note that the awning must always be supported separately. It should also always be set up at a slight angle, sloping backwards, so that any rainwater can run off freely and no water pockets form. The awning must always be fully retracted in strong winds, snowfall or heavy rain. One should consider securing the awning with tension belts in order to be protected from unpredictable gusts of wind.

Seating group with sleep function

The seating group in the Ford Nugget models is a real masterpiece. Not only because it provides three seat belt positions for three passengers (Isofix mountings on the two outer seats), rather you can convert the seating group into a comfortable, large bed in just a few simple steps. Well thought-out down to the smallest detail, that is simply Nugget.

# Additional storage space? Of course!

Mobile homes should always represent an optimum combination of spatial content and vehicle length. Especially in the case of compact panel vans, the question then arises of where to put bulky equipment such as sports equipment or position roof boxes. Because we have been working in this class for almost 60 years at Westfalia, we also of course have the accessories in order to meet these challenges. Whether this concerns a short trip or an extensive discovery tour - Westfalia offers roof racks in order to provide extra storage space and always be prepared for whatever comes up.

Thule roof rack for Nugget pop-up roof and Nugget Plus with pop-up roof

Code: 540002  
Weight: 7.4 kg  
Permissible roof load: 50 kg

Suitable for Thule roof accessories

Thule roof rack for Nugget pop-up roof and Nugget Plus with pop-up roof (detailed view)

High roof rack, Nugget rear (not available for Nugget Plus)

Code: 281009248122  
Weight: Approx. 5.6 kg  
Approved loading: maximum 20 kg, with even distribution

**Note:** Vehicles from the first production generation can have the case that the tailgate can collide with the rear rack when the former is opened up. Please open the tailgate very carefully or fold the rear rack up completely before opening the tailgate completely.

# Roof structures: More space and more protection.

The provision of various awnings, the sun sail and the tailgate privacy screen enable you to significantly increase the space around your mobile home. The articulated arm awning is permanently mounted on the mobile home and can be extended in just a few moments with a crank handle. The sun awning provides you with protection and a cosy place to sit in front of the mobile home, especially when the sun is shining strongly. The tailgate privacy screen is simple to assemble. It not only protects you against the sun and uninvited glances, it is also perfectly suited for using the outdoor shower.

**Articulated arm awning 2.60 m for Nugget**  
**Articulated arm awning 3.00 m for Nugget Plus**

Code Nugget:	288042248031
Code Nugget Plus:	281066248031
Length:	2.60 m / 3.00 m
Extension:	2.00 m
Housing:	anthracite

## Tensioning strap kit for awning

Code:	502382
Weight:	Approx. 1.2 kg

## Westfalia Flexo sun canopy

Code:	538383
Weight:	Approx. 5.22 kg
Colour:	grey/blue
Dimensions:	L 240 x D 170-250 cm
Packaged dimension:	20 x 100 cm

**Note:** Scope of delivery: Sun canopy, pitching poles, guy ropes, pegs, pack sack; Material: Trailtex fabric, polyester fabric. PU-coated; Only available for vehicles with pop-up roof.

## Tailgate privacy screen

Code:	281009248053
Weight:	Approx. 5 kg

**Note:** Simple assembly with self-adhesive Velcro tape.

# Mosquito protection & insulation: This makes you safer.

These mosquito nets can protect you from even the smallest mosquitoes and are equipped with a zip in the middle to facilitate easy entry and exit. They are additionally equipped with a glare-free view. The material is flame retardant. The mosquito nets are easily attached with the help of press-on studs. The three-part insulating mat set protects against intense sunlight and additionally insulates in Winter. It thereby always ensures pleasant temperatures inside the vehicle. Attaching it is executed with suction cups.

Mosquito net for the tailgate on Nugget Plus

Code: 281060248030  
Weight: Approx. 0.5 kg

Mosquito net for the tailgate on Nugget (Without figure)

Code: 281009248047  
Weight: Approx. 0.5 kg

Mosquito net for the right-side sliding door

Code: 281009248046  
Weight: Approx. 0.5 kg

**Note:** For the Nugget as well as for the Nugget Plus.

Isotherm driver compartment shading (serial feature)

Code: 281014239004  
Weight: Approx. 1 kg

**Note:** The Isotherm driver compartment shading is provided within the serial scope of delivery for the Westfalia Nugget family.

Insulation tent 4 parts for popup-roof (Without figure)

Code Nugget: 504880  
Code Nugget Plus: 504885  
Weight: Approx. 3.5 kg

# Interior design: To ensure you always have everything.

**Suspension basket for cool box**

Your foodstuff is always visibly retained.

Code: 218001210220  
Weight: Approx. 0.5 kg

**Sink cover**

The kitchen always looks cleaned up and it can additionally serve as a secure step when you exit the roof bed.

Code Trend/Trail: 281060248024  
Code Active: 281063248024  
Code Limited: 281065248024  
Weight: Approx. 1 kg

**Domestic 976 chemical toilet for the Nugget**

The toilet fits perfectly into the lower storage compartment of the wardrobe.

Code: 523316  
Weight: Approx. 5.9 kg  
Fresh water: 8.7 litres  
Wastewater: 18.9 litres  
Dimensions (WxHxD): 333 x 387 x 387 mm

 **Our recommendation:**

**LED light package**

Glare-free, indirect lighting below the kitchen worktop, LED light strips located on the wardrobe and on the roof storage boxes in the high roof.

Light intensity in the living area can be regulated via a dimmer.

**Note:** Only available ex works!

#### Lashing set for C-rails

The lashing set provides a flexible arrangement for the lashing lugs and a secure fit for the transported goods. Simple objects can be safely transported with this system by inserting the lashing lugs into the C-rail, screwing them in place and then tightening the transport goods down with the tensioning straps.

Code: 218001208022  
Weight: Approx. 0.59 kg

(Scope of delivery: 4 lashing lugs & 2 tensioning straps with clamp fastener.)

#### Safe deposit box in the wardrobe for the Nugget

The mini safe for valuables and personal documents can be easily fitted in the wardrobe at the rear on the right.

Code: 281001248024  
Weight: Approx. 1 kg

# Additional storage possibilities? No problem!

**Pouch Set 2-part, kitchen**

The harmonious adaptation of the additional pouches into the design of the vehicle interior discreetly provides you with additional storage space. Simple fixing and flexible utilisation provide you with more comfort.

Code: 500119  
Colour: Black  
Weight: Approx. 0.5 kg

**Pouch Set 2-part, roof**

These storage pouches are fitted with Klettband and can therefore be attached to any preferred position on the roof headlining fabric of the high roof or in the pop-up roof.

Code: 500203  
Colour: Black  
Weight: Approx. 0.3 kg

**Wardrobe inlay shelf (1 piece) for the Nugget**

The wardrobe inlay shelf expands the storage area and makes using the cupboard even more flexible. Simply insert it and quickly create more space for towels, clothing or other utensils!

Code Trend/Trail: 281009248013  
Code Active/Limited: 281063248016  
Weight: Approx. 1 kg

**Wardrobe inlay shelf (2 piece) for the Nugget Plus**

The wardrobe inlay shelves expand the storage area and make using the cupboard even more flexible. Simply insert them and quickly create more space for towels, clothing or other utensils!

Code Trend/Trail: 281060248011  
Code Active/Limited: 281064248011  
Weight: Approx. 1.5 kg

#### Elegant carpeting for passenger compartment

This carpet is tailor-made for the living room of your vehicle and, due to the rubberised underside, is very durable and water resistant.

##### Nugget:

Code Trend/Trail: 281033203031

Code Active/Limited: 281046203029

##### Nugget Plus:

Code Trend/Trail: 281060248044

Code Active/Limited: 281066248024

Weight: Approx. 5 kg

#### Carpeting for driver compartment (serial feature)

(The three-part carpeting for the driver compartment is provided within the serial scope of delivery for the Westfalia Nugget family.)

##### LHD manual gearbox:

Code Trend/Trail: 281036203025

Code Active/Limited: 281046203025

##### LHD automatic gearbox:

Code Trend/Trail: 281036203027

Code Active/Limited: 281046203032

##### RHD manual gearbox:

Code Trend/Trail: 281040203021

Code Active/Limited: 281048203025

##### RHD automatic gearbox:

Code Trend/Trail: 281040203026

Code Active/Limited: 281048203028

Weight: Approx. 3.5 kg

# What the camper's heart desires:

Outdoor package for the Nugget Plus

The outdoor package comprises one table and two folding chairs. The camping table is stored on the tailgate with a simple locking system in order to save as much space as possible. The camping chairs are attached to the kitchen with the help of a lashing system.

(The figure shows the lashing system)

Code Trend/Trail: 281060248016  
Code Active/Limited: 281063248019  
Weight: Approx. 16 kg

Outdoor package for the Nugget

The outdoor package for the Nugget is identical to the outdoor package for the Nugget Plus except for the accommodation of the two camping chairs. The chairs are accommodated crosswise in the rear bed extension behind the set-up bench seat in the Nugget.

Code Trend/Trail: 281058248012  
Code Active/Limited: 281065248020  
Weight: Approx. 16 kg

 Our recommendation:

Fly screen door

The fly screen door is a perfectly fitting solution for insect protection in the sliding door. The material is pleated and glare-free and provides protection against even the smallest mosquitoes.

*Note: Only available ex works!*

Camping table including table holder for mounting on the tailgate

Code Trend/Trail: 281058248009  
Code Active/Limited: 281063248009  
Weight: Approx. 6.5 kg

**Note:** Should you only need the camping table including mounting on the tailgate, then you can also order this option separately by stating the article number above.

Camping table

Code Trend/Trail: 539953  
Code Active/Limited: 539720  
Dimensions for table top: 81 x 53 cm  
Weight: Approx. 5.5 kg

**Note:** Aluminium table with light, water resistant and heat resistant table top. The legs are telescopic for easy height adjustment.

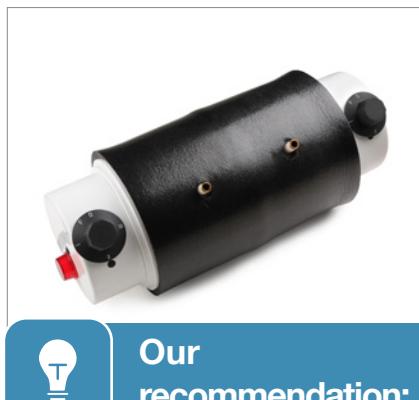

Camping folding chair including packaging sack

Code: 539870  
Load bearing: 110 kg  
Packaged dimensions: ø 16 x 94 cm  
Weight: Approx. 5 kg

# Designed to make your life simpler.

## Our recommendation:

Elgona hot water heater boiler KB 3 (3 litres)  
Combination 230 V/660 W and 12 V/200 W

The water volume of the boiler is suited for washing, rinsing, brushing teeth or for a small shower\*. The water temperature can be incrementally adjusted from 30° C to 80° C.

Weight: 2.0 kg for the assembled boiler  
Heating up time: Approx. 15 minutes (55 °C 660 W)

**Note:** Only available ex works!

\* only for Nugget Plus

## Radio remote control for parked-up heater

Out of the cold and into a warm, comfortable and pleasant vehicle: The practical radio remote control enables you to conveniently switch the parked-up heater of your Ford Nugget on and off again at the touch of a button. All functions can be set up and altered with just 2 buttons. The range is up to 1 km!

Code: 281058248033  
Weight: Approx. 0.5 kg

**Note:** The radio remote control is no longer compatible with the new central unit.

## Adapter cable

With CEE plug and safety protection coupling (HO7 RN-F, 3G2.5). For connecting to power supply on the parking place.

Code: 507021  
Length: Approx. 1.5 m  
Weight: Approx. 0.5 kg

## Adapter cable (serial feature)

With safety protection plug and CEE coupling (HO7 RN-F, 3G2.5). For power connection on the vehicle.

Code: 507698  
Length: Approx. 1.5 m  
Weight: Approx. 0.5 kg

**Adapter cable (serial feature CH)**

With safety protection plug and CEE coupling (H07 RN-F, 3G2.5). For power connection on the vehicle.

Code: 507024  
Length: Approx. 1.5 m  
Weight: Approx. 0.5 kg

**Adapter cable (serial feature GB)**

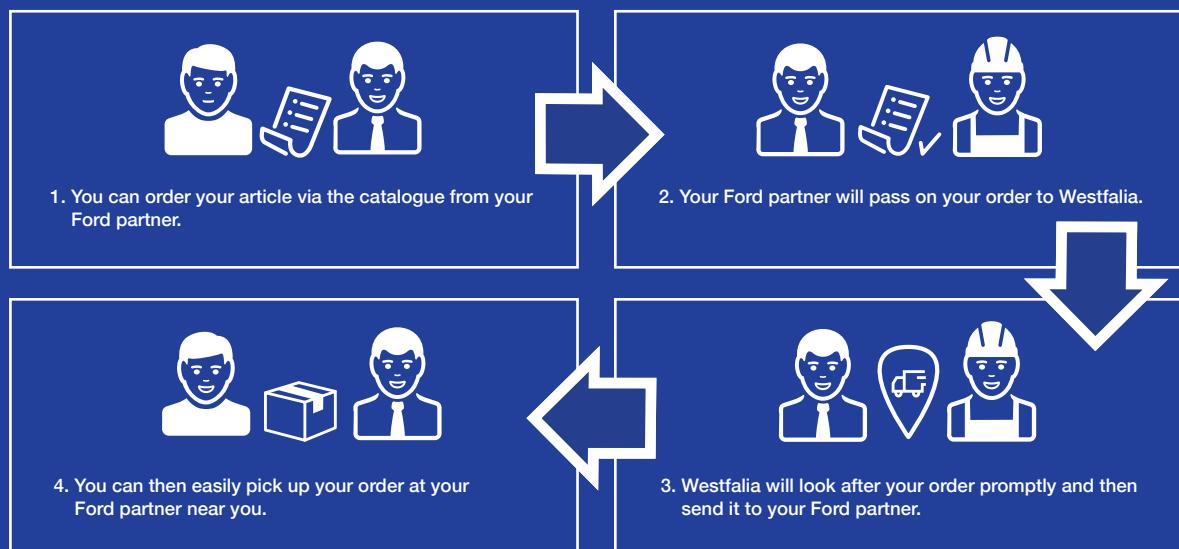

With safety protection plug and CEE coupling (H07 RN-F, 3G2.5). For power connection on the vehicle.

Code: 507699  
Length: Approx. 1.5 m  
Weight: Approx. 0.5 kg
